Conversion of the Democratic Party -False Pretenses of the so-called Liberal Republicans.

A careful perusal of current politi-cal literature furnished by the Liberal Republican and Democratic journals must convince every candid reader that they are attempting to practice a gigan-Republican and Democratic parties, a difference of principles inducing a difference in measures affecting the permanent welfare of the nation. We have been honest in the conviction that the principles and policy of the Republican party were sound and just and wise and have given our opponents credit for equal candor in the expression of the belief that the adoption of their peinciples and theory of government ould best promote the public welfare.

In the pending Presidential canvass we witness a patent effort on the part of the enemies of the Republican party to cover up or to obscure these distinctions, and to convince the people that there is no longer any practical difference between the two great parties, and consequently Republicans can vote for Democratic nominees, and Democrats for Republican candidates, without a sacrifice of either principle or consistency; that the Presidential race is only a contest between the friends of two Republican Candi-DATES for the Chief Executive office. It may be well to examine this hy-

If there is now no such existing difference when ing these twelve years the party warfare was earnest, constant, and sometimes virulent. And their candidate for the Presidency still claims that he is as much a Republican as he ever was; and his Liberal Republican supporters all insist that he is a Republican of the first water, and exhort all Republicans to vote for him instead of General Grant, on the ground that he is a better Repubed at Cincinnati, and have not since

WAS EITHER PARTY CONVERTED AT THE NATIONAL DEMOCRATIC CON-VENTION AT BALTIMORE?

Surely the regular Republican party was not converted to the Democrat ic faith at the Democratic convention at Baltimore. There was no author ized representative of the Republicans in that convention. And the Liberal Republicans were not supposed to be tic fraud on the people. We have been inspired by the belief that there is a marked difference between the have been a conversion of the Demohave been a conversion of the Democratic paaty.

WAS THE DEMOCRATIC PARTY CONVERT-ED AT BALTIMORE?

This is an important inquiry. Did the representatives of three millions of Democratic voters" abandon the rineiples of their party and become Republicans? If so, there is to-day no Democratic party, and the reputed 'three millions of Democratic voters" are bound by no party allegiance as Democrats, and may honorably attach themselves to the personal fortunes of question of the ed any political aspirant for a notional Democratic party: or rocal office. This is the attitude in which they are placed by the former of Mr. Sumner's recent letters. He justifies his abandonment of the regular Republican organization and his attachment to his new found-friends on the grounds that the whole Democratic party has become Republican.

THE TESTIMONY OF GREELEY AND THE DEMOCRACY.

But Mr. Greeley, more sagacious and tender to the feeling of his Domocratic allies, is careful not to shock their sensibilities by a premature an-nouncement of their conversion, When informed of his nomination by time a marked difference between the the Baltimore Convention he told the two parties; a difference that was be- committee that brought him the welcome tidings that he was "as much a and emphatically Democratic gives Republican as he ever was," and that did it disappear? THE NEW YORK WORLD CONFESSES THE BARGAIN.

It has found it necessary, in order to secure barmonious Democratic support for Greeley, to publish the terms of this disgraceful bargain. It asks its readers whether it is better to have Grant for President, with a Republican Cabinet, a Republican Congress. and Republican State governments, or to have Greeley for President, with a Democratic Cabinet, a Democratic Congress, and Democratic State governments?

Our readers must agree with us, we think, that this attempted conlition of the Democratic party and the Liberal Republicans, instead of being a conversion of the Democracy in a body to Republicanism, is a simple bargain and sale, and nothing more. The Democratic leaders have agreed to bring to the support of Greeley and Brown three millions of Democratic votes if the leaders of the Liberal Republicans will bring to the support of the Democratic nominees in the closely-contested States, like Pennsylvania, Indiana, and New York, enough Republican votes to secure the election of the Democratic State tickets, and the needed help in closely contested congressional districts, so as to secure a Democratic majority in the House, and augment their strength in the Senate.
